FLOORS

Floor Refinishing Options

Over time, floors will often show areas of colour-loss due to traffic wear patterns or sun fading. N-Hance renews the original shine and luster of all your wood surfaces, but without the dust, mess, odour and downtime associated with typical wood refinishing.

CLASSIC FLOOR REFINISHING

N-Hance can make your hardwood floors beautiful again with our Classic Floor Refinishing service. The ideal “Classic Floor Refinishing” job has some visible wear with light surface scratches. The finish is pretty much intact with no signs of bare wood. Separations between the boards are minimal and the entire floor requires minor touch-ups, if any.
